Important Information:

At this time the Lake Bluff Park District is unable to place any more Memorial features at Sunrise Park and Beach. We will be happy to work with you to find another suitable location in another park for your feature.

All tree planting will be done in the Fall (September/ October) to ensure viability of the tree and reduce the risk of loss due to weather conditions and shock to the tree during transplant.

Memorial Bench and Golf Amenity stations will be installed in a timely manner, but is dependent on factors including but not limited to, weather conditions, material availability, and staff available to properly perform the installation.

Due to liability risks ONLY Park District staff will install donated memorial features, i.e. trees, benches or amenity stations. (No outside contractors - unless hired by the Park District)

I have read and understand the provided Park District policy's regarding Donated Features, and a payment for the donated amount will be made to the Lake Bluff Park District. (Make checks payable to Lake Bluff Park District.) (BOTH the completed form AND payment must be received to start the ordering process.)
